Learning Outcomes

On completion of this course, learners will be able to:

- LO1: Conduct a consent-based career intake and use AI to draft neutral coaching questions.
- LO2: Map documented skills to role requirements and compare feasible career options.
- LO3: Create truthful application materials and rehearse evidence-based interview responses.
- LO4: Design a client-owned career action plan and review progress using appropriate indicators.

Learning Reinforcement

- Every topic is followed by hands-on labs that learners complete on their own machine.
- Each lab ends with a 'Test it' verification step so learners can confirm their own progress.
- The trainer circulates during lab time to give individual feedback and unblock learners.
- Each topic closes with a recap mapped back to the course learning outcomes.
